COUNCIL LETS BIG CONTRACTS

MATERIAL AND MACHINERY FOR BYRD'S MILL EXTENSION WILL COST \$85,000.

WORK TO BEGIN SOON

Delivery of Material to Begin Within Three Weeks--Contract for Labor to Be Let Monday Night.

Late yesterday afternoon the council completed its arduous task of considering bids for the Byrd's Mill extension and awarded contracts for material and machinery aggregating a little over \$85,000. The council gave every proposition a careful consideration, ever keeping the best interests of the city in mind, and the thought of making the money go as far as possible.

It was decided to abandon the idea of using hydraulic rams for pumping and a contract was made for a turbine-driven centrifugal pump. It will require some power to raise the water to the height of 185 feet from the pump to the stand pipe in Ada. The pump will be located about 4,000 feet from the spring and 72 feet below it. This will afford ample power for the turbines which will drive the big pump.

The contract calls for beginning the delivery of the wood pipe in three weeks, and the other material will arrive at intervals as needed. The contract for laying the pipe will be let Monday night and before the month of April closes dirt will be flying along the route to Byrd's Mill.

Wood pipe is something new in this section, but it has been used in many other places and from the best evidence obtainable gives excellent satisfaction. For instance, the Rock Island railroad has a line in New Mexico 130 miles in length, which was laid by the same people who were awarded the contract by the Ada council. This pipe is made of cyprus, strengthened by steel bands and coated with an asphalt compound which renders it proof against decay from the outside.

Following is a list of the successful bidders and the material each will furnish:

33,000 feet or more 12-inch steel pipe at 99 1/2 cents per foot. National Tube Co., St. Louis, Mo.
About 4,000 feet 30-inch wood pipe for flume, at \$24.87 per hundred feet. A. Wyckoff & Son, Alexandria, La.
33,000 feet or less 12-inch wood pipe at \$84.00 per hundred feet. A. Wyckoff & Son, Alexandria, La.
Cast iron pipe for extensions in city from Central Foundry Co., N. Y.
Pumping Machinery to Builders Material Co., Kansas City, Mo., \$1,548.

Cyclone at Frederick.

Frederick, Ok., April 11.—In a cyclone which swept across the country two miles southeast of here last night, the home of B. W. Hensley, a farmer, was demolished and its occupants scattered about the adjoining fields.

James F. Smith of this city, who was visiting at the Hensley home, was killed, when struck by flying timbers. Mr. Hensley, his wife and two young sons were more or less seriously injured.

Whirled Through Air.

All members of the family were in bed when the roar of the wind came and the house was torn to pieces. Some were whirled up bodily in their beds and carried through the air. The storm blew up from the northwest in a few moments and lasted not more than five minutes, followed by a soaking rain. It is believed that none of those injured will die.

New Trial for Hyde.

Kansas City, Mo., April 11.—Dr. B. Clark Hyde, convicted after a sensational trial of the murder of Colonel Thomas H. Swope, millionaire philanthropist, was today granted a new trial by the Missouri supreme court sitting at Jefferson City. Hyde has been in the county jail at Kansas City nearly a year following his sentence to life imprisonment.

Mrs. W. F. Cissell and children left this morning for a visit to her brother in Kentucky.

DR. CASTLEBERRY ON STATE MEDICAL BOARD

Oklahoma City, Ok., April 11.—Gov. Cruce tonight appointed J. D. Whorton of Duncan and Dr. R. T. Castleberry of Ada, members of the state board of medical examiners, vice Dr. C. F. Stillwell of Piedmont and H. J. Shackelford of Ardmore, declined to serve. The new board will begin duties and elect officers tomorrow. There are fifty applicants for examination to practice medicine.

COMMISSION GOVERNMENT PROPOSED FOR STATE

Spokane, Wash., April 12.—Declaring that he considered the present system of legislation the most bunglesome and least effective of all departments of state government, Marion E. Hay, governor of the state of Washington, in an address before the political club of Whitman college at Walla Walla, Wash., recently, stated he would favor, in place of the legislature, a commission of 25 men who would meet biennially and devote their time to the framing of laws, being paid salaries of \$2,500 a term and remaining in session until the work is finished, adding:

"It takes a month for members of the legislature to get acquainted with each other and most bills are passed with little consideration. It seems to me that the legislature goes at its work like a lot of school boys playing football. For the first five or six weeks hundreds of bills are brought in and, as it were, piled on the floor and then the last week there is a rush for the pile and each man grabs one, seemingly intent only on getting it through and getting his name on it. Many important measures have been lost in the scramble of the last few days and much time wasted."

Governor Hay's statement is significant following the recent adoption in Spokane of the charter form of government and agitation for the same plan in Walla Walla and North Yakima. Tacoma has been under the commission form of government for over a year and Seattle, the metropolis of the state, recently placed its legislative powers in the hands of 10 councilmen, chosen at large, where formerly there were two councilmen from each ward. The Tacoma and Spokane commission governments are based upon charters which include the best features of the Des Moines, Galveston and other pioneer cities in the movement. Governor Hay was formerly a resident of Spokane and is an enthusiast over the commission government plan.

It develops that the information of the News to the effect that Justice Brown refused to assume jurisdiction of the Charley Braddy case was incorrect. He was busy with another case at the time and rather than wait Braddy went before Justice Harris.

\$35 Kitchen Cabinet Free

Every lady calling at the exhibit during the exhibition will be given the opportunity of securing a handsome \$35.00 kitchen cabinet free of cost. We respectfully request the honor of your presence at our store on any day of the week beginning

"THE POWER OF THE GOSPEL"

R. A. BLALOCK SPEAKS ON WHAT THE GOSPEL CAN DO FOR MANKIND.

At the services being conducted at the First Church of Christ by R. A. Blalock the subject for last evening was "The Power of the Gospel." The speaker was at his best and by impassioned appeals he showed what the Christ could do for fallen man. The singing under L. T. Walters was inspiring. The congregation is catching the swing of the new songs and is singing lustily. An interesting Bible drill was given by the Juniors. There was a baptismal service at the close. Twenty-four have been added so far.

Tonight's subject will be "A Weary Traveler and a Rough Road."

The speaker said in part, that the gospel of Christ is the hope of the world and the world's only hope.

The leaders in all the political parties of this country tell us that the principles for which they stand would solve all our national problems, but I want to say to you tonight that the men who are standing behind the sacred desks in this country, preaching the gospel of Christ

are doing more to solve our national problems than any other class of men in this country.

For when we persuade a man to accept the gospel of Christ, we have made of him the highest possible type of citizenship for this or any other country. Christianize the manhood and the womanhood of this country and you solve every national problem.

Make a man a Christian and so far as he is concerned you abolish criminal convicts and prisons.

The gospel of Christ is the only power in existence that can save a man from himself. God save us all from selfishness. Last of all this blessed gospel which I offer you tonight has the power to save us from death, the power to lift us up out of the silence and darkness of the ground, up above the darkness, where we can dwell in a beautiful world of light and life and joy forevermore.

EVANS TO BE PRESIDENT OF EDMOND NORMAL

Guthrie, Ok., April 12.—The information came from school circles today that Charles Evans, superintendent of the Ardmore public schools, is slated for the presidency of the Central Oklahoma Normal at Edmond under the new state board of education. Evans has headed the schools of Gov. Cruce's home city for several years.

R. C. Roland returned from a business trip to Allen last night.

offered and it is sure to please as it tells a story of the south in a manner that mingles a tear with a laugh. The company is well balanced in its complement carrying 12 people all chosen for their respective roles and each part is in the hands of an artist well fitted to the parts assigned them. "Billy Single Griggs" is well known in Ada as is Miss Madge Russell who will be ably assisted by Miss Marie Hood, Miss Blanch Martin, Mr. Lionel Lawrence, Paul MacNeill, Wallace Grigg, Edmund Dalby, C. V. Smith and Walter Percival. The bill will be changed each night as will be the specialties that are introduced between acts. The prices for this engagement will be 10, 20, and 30 cents and the seats are now on sale at Ramsey Drug Co.

Scottish Rite Reunion.

Oklahoma City, Ok., April 7.—The spring reunion of Scottish Rite Masons will be held in McAlester April 25, 26 and 27, with a class of more than 100 candidates. Among them will probably be Gov. Lee Cruce and William H. Murray of Tishomingo, former president of the constitutional convention. Speaker of the First Legislature, and democratic candidate for governor in the last August primary election. Gov. Cruce is already a master Mason, but that distinction is to be conferred upon Mr. Murray by special dispensation. While the class is being received there will also be held a meeting of the Red Cross of Constantine, an exclusive Masonic organization.

Easter Eggs, Lillies and Rabbits

For Easter Special in Ice Cream we will furnish Individual Ice Cream Eggs, any color; and Easter Lillies, white. Nothing more delicious and just what you want for the EASTER dinner. The editor of this paper used to be
opposed to the sale of the school
lands of the State of Oklahoma, but
since coming to the west side he has
discovered that he has been mistaken
about this matter. Those leasing these
lands pay a mere pittance for the use
of these lands and then spend all of
their idle time trying to whittle this
pittance down. They throng about the
office of the Secretary of the School
Land Commission and put up all sorts
of hard luck stories endeavoring to
get their rents decreased. The ex-
pense of appraising these lands and
collecting the rents is great and the
net amount received by renting these
lands is far less than the state would
receive from the money which these
lands would sell for. It is easier to
let out money and collect the rental
on the same than it is to let out
and collect the rental on the land.
If the east side editors now
opposed to the sale of these school
lands will look into this matter they
will change their minds just as the
editor of this paper has done.—Vinita
Leader.

30 YEARS OF SUCCESS

The Gwin & Mays Co. Offer a Remedy
for Catarrh. The Medicine Costs
Nothing if It Fails.

When a medicine effects a success-
ful treatment in a very large major-
ity of cases, and when we offer that
medicine on our own personal guar-
antee that it will cost the user nothing
if it does not completely re-
lieve catarrh, it is only reasonable
that people should believe us, or at
least put our claim to a practical test

when we take all the risk. These are
facts which we want the people to
substantiate. We want them to try
Rexall Mucu-Tone, a medicine pre-
pared from a prescription of a physi-
cian with whom catarrh was a speci-
alty, and who has a record of thirty
years of enviable success to his rec-
ord.

We receive more good reports
about Rexall Mucu-Tone than we do
of all other catarrh remedies sold in
our store, and if more people only
knew what a thoroughly dependable
remedy Rexall Mucu-Tone is, it would
be the only catarrh remedy we would
have any demand for.

Rexall Mucu-Tone is quickly ab-
sorbed and by its therapeutic effect
tends to disinfect and cleanse the en-
tire mucous membranous tract, to
destroy and remove the parasites
which injure the membranous tissues
to soothe the irritation and heal the
soreness, stop the mucous discharge,
build up strong, healthy tissue and
relieve the blood and system of dis-
eased matter. Its influence is toward
stimulating the mucous cells, aiding di-
gestion and improving nutrition until
the whole body vibrates with healthy
activity. In a comparatively short
time it brings about a noticeable gain
in weight, strength, good color and
feeling of buoyancy.

We urge you to try Rexall Mucu-
Tone, beginning a treatment today.
At any time you are not satisfied
simply come and tell us, and we will
quickly return your money without
question or quibble. We have Rexall
Mucu-Tone in two sizes, 50 cents and
\$1.00. Remember you can obtain Rex-
all Remedies in Ada only at our
store—The Rexall Store, The Gwin &
Mays Drug Co.

WATERWORKS IMPROVEMENTS Ada, Oklahoma.

Sealed proposals will be received
by the City Clerk of Ada, Oklahoma,
at his office in the City Hall, until 8
o'clock P. M., April 17, 1911, for the
furnishing of all the tools, labor, ma-
terial and appliances necessary to
unload, haul and distribute pipe, ex-
cavate and backfill trenches and lay,
complete and ready for use, the fol-
lowing approximate quantities of pipe:

Pipe outside of City limits:
66,000 linear feet of 12 inch pipe,
either of cast iron or steel. Bids will
be received for laying each kind of
pipe, 3,000 linear feet of steel pipe,
30 inches in diameter and 3-16 of one
inch thick.

Plans, specifications, form of con-
tract and proposal and full informa-
tion may be obtained from the con-
sulting engineers, Goodwin & Har-
per, 920 Scarritt Bldg., Kansas City,
Missouri.

Each proposal must be accompanied
by a certified check of not less than
five (5) per cent of the amount bid,
made payable to the City Treasurer
of Ada, Oklahoma, as a guarantee
that the bidder receiving the award
will enter into contract with the City
and furnish satisfactory bond with-
in ten (10) days after the contract is
awarded.

The City reserves the right to re-
ject any or all bids, to waive any
informality, and to award the con-
tracts as may be deemed to the best
interests of the city.

Herschel V. Smith, of the firm of C. D. Hill & Co., of Dallas will arrive in a day or two to design the interior decorations of the First Baptist church which is now in course of remodeling.

For sometime the Dallas News has been running a series of illustration showing what a town ought not to be like. In today's paper is a scene that any old times will readily recognize as being West Main street, of Ada, as it was five years ago. The two points criticised are the unevenness of the buildings in the matter of height and the trash which could be seen at various place.

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women.

It will surely help you, as it has helped thousands of others, in the past 50 years.

Get at the root of the trouble. Rubbing an aching back may relieve it.

But it won't cure it. You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain.

They cure, too, so Ada people say: Mrs. M. S. Kyser, 502 West Main St., Ada, Okla., says: "Last summer

I suffered a great deal from a dull heavy ache through my back and hips. I thought it was due to a cold settling on my kidneys and that it would soon disappear. The pains gradually became more intense and other symptoms of kidney trouble set in. I at length decided to give Doan's Kidney Pills a trial, and procured a box. After taking a few doses I felt much better and I continued using this remedy until every symptom of my trouble had disappeared. I am glad to state that I have had no return of kidney complaint."

ODD FELLOWS IN SESSION AT MCALESTER

McAlester, Ok., April 10.—The 19th and final annual session of the grand lodge of the I. O. O. F. of Indian Territory was called to order about 9:30 this morning by Grand Master George A. Henshaw and it is now busy.

Prior to the opening of the grand lodge the orchestra that accompanies the Odd Fellows tonight and which will give a drama for the public tomorrow night furnished some excellent music. Henry P. Robbins gave a brief but hearty address of welcome on behalf of McAlester lodge No. 212, which was responded to by Grand Master Henshaw, who first tried to shift the duty to Judge Stillwell Russell, the chairman of the finance committee. But Judge Russell insisted that the last grand master of Indian Territory should speak to the brethren who had worked for Odd Fellowship under such difficulties the last nineteen years.

The grand master laid stress on the fact that the grand lodge is a business institution and that his duties have been business duties. He said that sympathy when unchecked, often results in disaster to the very objects of it. He illustrated by the case of the home, where discipline must be observed and where it is necessary to be firm and practical in fitting the boys and girls for the duties of after life.

After the grand lodge was opened the reports of the grand master and grand secretary were distributed to the committee for recommendations. This is the principal business of the grand lodge.

The Grand Master's Report. The grand master's report was full of interest. After referring to the pathos of the fact that this is the last session of the grand lodge of Indian Territory he dwelt with hope on the future of the greater jurisdiction.

While leaving the details of statistics to the secretary, he showed that there had been during the last year a gratifying growth of membership which had offset the losses due to previous crop failures in the southern end of the jurisdiction. There are now approximately 14,000 Odd Fellows in this jurisdiction. There has been an increase of more than 1500 since

the last session of the grand lodge. The two jurisdictions, when they consolidate next Thursday, will be debt free.

The grand master dwelt on the changes at the home at Checotah. Mrs. Adelaide Wayland, past president of the Rebekah assembly of Kansas and for a long time connected with the home in that state, is now superintendent and under her management there has been a great improvement in conditions, which had fallen below the standard the Odd Fellows aim to maintain.

Mr. Henshaw says that the development has simply been wonderful and in spite of repairs necessary the per capita cost is less than heretofore.

Grand Secretary's Report.

The report of C. M. Chauncey, the grand secretary, was in pamphlet form and was distributed among the grand lodge representatives. It was a splendid report, giving in detail anything that anybody might wish to know in the way of grand lodge statistics.

It was of date of March 27, 1911, and thus failed to show the full growth of the order, as there have been several hundred members who have been initiated or re-initiated since the report.

On March 27, however, there had been a net gain of six lodges and a net gain of 1183 members.

Fifteen lodges were instituted during the year, making a total of 289. There are now 26 lodges not in working order. They are as follows: Heavener, Oktaha, Wewoka, Springer, LeFlore, Baum, Bockchito, Norwood, Howe, Beggs, Drake, Inila, Hugo, Stahler, Remy, Porter, Stuart, Elk, Triple, Links, Hughes, Warner, Minco, Pacaulia and Thackerville.

On December 31 there were 12,561 members in good standing in the jurisdiction. The number dropped during the year for non-payment of dues was 1417.

Caucus Nominees.

The grand encampment in a caucus meeting late Monday nominated the following grand officers to be elected by the consolidated grand encampment to convene at Oklahoma City Tuesday, April 13:

R. J. Evans, Haileyville, grand representative, long term; G. W. Ripley, Sapulpa, grand high priest; Fred L. Strough, Weleetka, grand senior ward en; A. M. Foss, Pauls Valley, grand treasurer; W. E. Ward, Antlers, grand trustee, three years; Frank Plato, Chickasha, grand trustee, one year; R. H. Schofield, Muskogee, grand sentinel.

The Oklahoma jurisdiction will elect the grand patriarch and other grand officers allotted them at a special session of their grand encampment at Oklahoma City.

Grand Lodge Officers.

Under the terms of consolidation the Indian Territory jurisdiction will be entitled to the following grand officers, whom they will nominate tomorrow; grand master, grand warden grand treasurer, short term grand representative, trustee for two years, home board member (brother) two years, home board member (sister) one year, grand marshal, grand guardian, grand chaplain.

The Oklahoma City Times Makes Progress.

With the suspension of The State Capital, formerly published by Frank Greer in Guthrie, the republicans throughout the state are turning to The Oklahoma City Times, which is now the oldest paper published in Oklahoma and is the acknowledged Republican newspaper of the state.

The Times is making a special subscription offer of \$2.00 by mail from now until January 1st, 1912.

The Times is an afternoon, Associated Press paper, published in the capital and metropolis of the state, is ably edited and compares very favorably with the papers of the larger states.

Subscriptions and remittances at this special \$2.00 rate should be sent direct to The Times, Oklahoma City, Oklahoma.

Negro Found Hanging.

Bixby, Ok., April 9.—Hunters in the Conchate Mountains, seven miles east of here, yesterday afternoon discovered the badly decomposed body of a negro man hanging from the fork of a tree in the bottoms suspended by one leg with the lower part of his face shot off and two wounds in the back of his head.

Officers of Tulsa and Okmulgee were notified and today parties from Tulsa identified the remains as D. C. Bonner, a negro who left that city Feb. 10 to move a family from Haskell to Avant.

It is supposed the negro climbed the tree after a squirrel, as a hole was in the tree just above the body with a stick in same. In falling, the man's leg probably caught in the fork of the tree.

The body was taken to Tulsa tonight by relatives.
